VEL24 Series

AC-DC Power Supplies

VEL24 Series

24 Watt

- Energy Efficiency Level VI
- European CoC Tier 2
- Fixed Mains Connectors
- Universal Input
- Output Voltages from 12 V to 24 V
- Class II Construction
- Low Cost

The VEL24 series of wall plug adaptors comply with the very latest energy efficiency VI standards with high active mode efficiency and extremely low no load power consumption. Available with a standard jack plug connector these adaptors suit a wide variety of cost sensitive applications while maintaining industry leading performance.

Models & Ratings
