Notes:

1. Fixed AC plug versions
Replace XX with required country code (US for US, EU for Europe, UK for UK, AU for Australia and CN for China) for version with output lead e.g. PGW65US20-US for US version
Replace XX with required country code and add suffix '-BB' for version with USB-C connector in case e.g. PGW65US20-US-BB for US version

2. Interchangeable AC plug versions
Replace XX with I for body with output lead e.g. PGW65US20-I. Individual AC plugs should
- be ordered separately, see pages 6 and 7 for order codes. To order body and 5 AC plugs use order code PGW65US20-IP.
Replace XX with I-BB for body with USB-C connector in case e.g. PGW65US20-I-BB. AC plugs should be ordered separately, see pages 6 and 7 for order codes. To order body and 5 AC plugs use order code PGW65US20-IP-BB.

3. Total regulation includes initial set accuracy, line and load regulation.

4. Typical average value measured at 25%, 50%, 75% and 100% at 115VAC & 230VAC.
